ENDPOINT SECURITY MANAGEMENT

SERVICE OVERVIEW

Legato Security deploys state-of-the-art technologies to ensure every endpoint across a customer's network is secured around the clock. Endpoint protection solutions utilize behavioral analytics, threat intelligence, and classic anti-virus tactics to prevent threats from compromising an endpoint. Legato Security delivers Endpoint Security Management services by managing, administering, and supporting endpoint protection software installed on customer endpoints. Our vendor-agnostic approach means customers can maximize existing investments and minimize onboarding time.

SERVICE CAPABILITIES

WHITELIST/BLACKLIST
Robust administration of lists with known-good and known-bad processes, software, and machine behaviors.

CUSTOMIZED
Legato Security engineers tune rules, correlations, and alerts to minimize false positives.

MAXIMUM PROTECTION
Legato Security **Endpoint Protection** maximizes the security of all devices across client networks.

CLOUD-BASED & SCALABLE
Legato Security's protection scales with the growth of customer organizations.

BUSINESS OUTCOMES

REDUCED MEAN-TIME-TO-REMEDIATION (MTTR)
Faster detection and triage times lead to faster response times, helping minimize the severity of an attack.

REDUCED NON-COMPLIANCE RISK
Endpoint security helps maintain and retain industry and regulatory compliance requirements.

AUGMENT INTERNAL TEAMS
Legato Security **Endpoint Management** frees up client IT and security teams for business-critical tasks.

INCREASED OPERATIONAL EFFICIENCY
Automate routine tasks like log management, threat detection, and response to streamline daily operations.

ONBOARDING

Legato Security staff work closely with customers' IT staff to understand current tools and security ecosystem, then deliver a customized deployment with dedicated and hands-on staff.

DEPLOYMENT

Once the appropriate access, controls, and policies are in place, Legato Security will deploy your security platform.

OPERATIONS

Legato Security's team of security experts begin monitoring and managing the customer's environment the minute deployment is completed.

REPORTING

Regular reporting on events, remediation, and analytics help customer organizations meet compliance and regulatory requirements.

WHY LEGATO SECURITY ENDPOINT SECURITY MANAGEMENT?

FULL SERVICE SOC

Legato Security's SOC operates 24x7, ensuring that our customers are protected from cyber attacks every minute of every day. Designed to augment and support a customer's existing security team, the Legato Security SOC will:

- Detect, triage, and correlate every alert
- Prioritize threats for remediation, saving customers time and money
- Respond and remediate threats on behalf of the customer

LEADING TOOLS AND PROCESSES

Legato Security's vendor agnostic approach means that our SOC will manage and optimize a customer's existing set of security tools, eliminating the need to rip and replace their original investment.

- Immediate ROI by leveraging existing tools and pairing them with a team of security experts to streamline operations
- Flexible architecture and system integrations
- The ability to select best-of-breed technologies to compliment your existing security solutions

WE SCALE WITH YOUR ORGANIZATION

Legato Security's open security platform allows us to build and scale a security solution that fits your business now, and in the future.

- With services that range from strategic and advisory services through fully managed network security, Legato Security has a service for any size organization
- Select the appropriate tools and solutions for your organization's current needs
- As your organization matures, Legato Security will be with you every step of the way by creating a tailor-made security plan that scales with your needs

THE VALUE OF ENDPOINT SECURITY MANAGEMENT

PERSONALIZED

Tailored to the needs of each organization, Legato Security ensures that each service meets the needs and required outcomes of each customer.

CUSTOMIZED

Each Legato Security service accounts for the unique resources and parameters of a customer environment, helping create a custom and results driven engagement.

ACTIONABLE

Post-service reports provide actionable intelligence and recommendations to further harden the customer's security posture.

"Using Legato Security to manage our endpoints has helped us ensure that we are responding to every detection."
